Step 8: Launch Course vs. Restart Course → choosing the correct option to ensure completion dates are recorded to ensure you remain in-compliance with the three-year training requirement.

- **Launch:** Only select this option if it's your first time completing the course (new employee) or if you'd like to access material in between your three-year completion requirement. *If you login to retake the course and select "Launch," your new training completion score/date will NOT record/update in your employee training record.*
