
Enrollment At Another Institution Form

U.S. Citizenship and Immigration Service regulations for maintaining status in the United States require all international students to be fully enrolled. Undergraduates must take 12 credit hours each semester and graduate students must take 5 graduate credit hours each semester (for Fall and Spring Semesters).

Enrollment at another institution requires that a student have 12 credit hours (5 for a graduate student) at the University of Colorado Denver. The student may then register for additional classes at another school pending approval from his/her academic advisor. The student **MUST** maintain full-time enrollment at CU Denver. If the student drops below full-time, his/her immigration status may be in jeopardy. *Note: F-1 students are not required to be enrolled full-time during Summer semester unless it is their first semester at CU Denver.*

As always, please see your assigned International Services Specialist with any questions or concerns.
