

Connections Program for High-Risk Infants and Families

Women's Behavioral Health and Wellness

Connections Mother-Infant Group

Mondays at 1 PM

WEEKLY VIRTUAL SESSIONS
FOR 5 WEEKS

A place where women can connect, learn, and find support as they navigate the unique experience of parenting medically complex babies. Designed specifically for mothers of infants after NICU discharge to offer support around parenting a high-risk infant and promoting positive mother-infant interactions within the context of providing care for babies with special healthcare needs.
