

Colorado Program for Musculoskeletal Research

UNIVERSITY OF COLORADO **ANSCHUTZ MEDICAL CAMPUS**

Dear Industry Partners,

It is with great pride and excitement that we announce our 7th Annual D'Ambrosia Orthopedic Symposium. The event is scheduled for October 22, 2025 as a hybrid event, with the in-person component at Anschutz Medical Campus in Aurora.

This symposium has seen increasing attendance and engagement over the past 6 years, with 200+ attendees each year, 100 posters, and 12 plenary presentations. Attendees include pediatric and adult clinical faculty as well as translational and basic scientists from all major musculoskeletal programs in the Colorado Front Range, including CU, CSU, and Colorado School of Mines. We've also welcomed attendees from beyond Colorado, including University of Rochester, University of Delaware, and University of New Mexico. In recent years, we hosted international attendees and presenters alike. The program will feature plenary sessions, poster sessions, a scientific keynote lecture, and a D'Ambrosia keynote lecture.

We invite you to partner with us as we take Orthopedic Research in Colorado to the next level. Below are the opportunities to provide support for the 7th annual event:

- **Platinum Sponsor - \$10,000**
 - Recognition on conference website and registration site
 - 5 mentions with company name and logo on CU Orthopedics social media
 - Maximum of 4 reps onsite
 - 4 invitations to the D'Ambrosia Reception
 - Prominent exhibit booth space provided at the conference
 - Recognition during opening and closing remarks
 - Exclusive logo exposure at the D'Ambrosia Reception
 - Logo in course agenda
 - Shared logo exposure at registration desk and throughout venue
 - Shared logo exposure at Food and Beverage areas
